

LAST WEEK'S COLUMN criticized the San Jose police for setting up their radar speed shop in a 300-yard strip of San Jose on W. Campbell Ave. in Campbell.

We explained that this strip was the result of the infamous Cherry Lane annexation of some years back in which San Jose shot through an opening on the west end of Campbell and took a parcel right out of the heart of our city.

At the time it was all uninhabited as far as the annexation laws were concerned.

It was orchard land and less than 12 registered voters resided in the area at the time, so no election was necessary. Such a situation can't occur today under present laws.

Anyway we "hinted" in our column last week that we thought it was downright silly and a waste of police manpower on the part of San Jose to set up shop in that strip which is traversed many times night and day by Campbell officers.

Except for that strip, the City of Campbell lies on both sides of Campbell Ave.

ONE OF OUR CONSTANT readers and also one of our most severe critics, Zadio Springer, again springs into the fray.

In a letter to us she claims that we were attacking the police. She accuses us of being no better than the long-haired hoodlums, draft card burners and communists who are causing all kinds of trouble these days.

By now we should be used to Zadio's misinterpretations of what we write. She has done it often enough. In fact she has almost made a profession of reading something entirely different than was intended into our journalistic efforts.

We are always amazed with what she can come up with from what was intended by us when we wrote it.

But we wouldn't change her for anything.

In a somewhat frustrating and sort of masochistic way we look forward to hearing from Zadio from time to time.

You might say that Zadio adds zest to what we write, although she's not one to confuse the issue with facts.

We know that there are some of you who claim that Zadio Springer does not exist; that we have just dreamed her up.

Admittedly she is only our pen pal but we didn't just make her up.

We have never met her personally.

But quite naturally having been the target over the years of some of her written darts that apparently had been dipped in vitriolic acid before being sent on their way, we have formed an image of the old gal.

Something, you might say, like that "little old lady from Pasadena in tennis shoes" which was so widely used for awhile.

We suppose we have seen the old gal.

After all we have been around these parts for more than 12 years and Campbell is not that big.

We have no idea what she looks like. But the name seems to fit her.

One of these days, we are going to have Charlie Cole, local handwriting expert, do an analysis of Zadio's handwriting.

It should prove interesting.

ANYWAY, WE THOUGHT you would be interested in what Zadio Springer had to say about last week's column. So here it is:

"Dear Mr. Editor:

"I was beginning to think you were growing up after your article condemning those shameless burlesque houses.

"Now with your editorial attacking the police, I can see that you are becoming more like those long-haired ruffians everyday.

"How can our young folk respect law and order when our newspaper editor attacks

City to clean-up rundown "office"

Another "legal" step in the procedure for the removal of the "eye-sore" located near the eastern city limits of Campbell on E. Hamilton Ave. will probably be taken at the City Council meeting next Tuesday, Sept. 10 (Monday, Sept. 9 is Admission Day, a city holiday).

Viewed by thousands daily as they traverse one of the county's busiest thoroughfares, the former residential structure at 1262 E. Hamilton, has long concerned city officials, especially at the time when a citywide clean-up campaign is underway.

Officially the Council will open bids for the demolition of the structure next Tuesday. The building has already been declared a public nuisance to be abated. The property owner, Leonard F. Borello has been notified of the city's action. Under the city ordinance, the Council can award the demolition contract and then place a lien against the property.

The building was formerly occupied by a real estate firm that was given special permission to use it until its permanent office had been constructed. A "dream" apparently that did not materialize.

The City Council next Tuesday is also scheduled to decide whether the license for the Classy Chassy, one of the city's few topless joints, should be revoked. Two public hearings have been held on the question.

On the agenda also is the request of Joe Frietas, of Santa Clara to operate a card room at 1719 S. Bascom, in the building formerly occupied by the Pocket Billiards. The building is owned by Sal Campisi.

Two appeals from Planning Commission decisions are also on the agenda. One concerns the height of fence on residential property (Donald Hamm, 916 Torero Plaza) and the other a proposed car wash operation.

Two ordinances are also scheduled for adoption (second reading) next Tuesday. One will change the zoning of the Turturici property on Hacienda from commercial to multiple to allow for an apartment complex and the other modifies the present ordinance on the control of animals.

School bells ring

All schools in the area will open for full time sessions next Tuesday, Sept. 10, with some students already reporting for registration and class sessions. California Admission Day falls on Monday, this year, and as a legal school holiday, postpones school openings until Tuesday, Sept. 10.

School bells rang Tuesday, Sept. 3 for 148 students of the West Valley Seventh Day Adventist School. Over 438 pupils were registered at St. Lucy's school on the same day with limited classes Wednesday, Thursday and Friday and full time classes starting Tuesday, Sept. 10.

Also on Sept. 10 an anticipated 13,400 Campbell High School district students will start back to school in the eight district high schools and 11,740 elementary school pupils will be enrolled in the Campbell Elementary School district's 19 schools.

Four high schools, Campbell, Leigh, Prospect and Westmont will hold their first classes at 8 a.m. with dismissal time at 2:30 p.m., while the other four, Camden, Del Mar, Blackford and Branham will start at 8:35 and dismiss at 3:05. The staggered time

GET READY-GO-Lining up for one of the many races at the recent JayCees Junior Bicycle race held at the Campbell High School grounds are the boys in the 8-10 classes. Approximately 30 participated in the event, with trophies awarded for first and ribbons for other places.

It WAS hot enough!

IN CASE YOU WERE WONDERING, NOW YOU KNOW—Thursday, Aug. 29, was the hottest day of the year (so far). And here is the proof. It was reported that the thermometer soared to 104-degrees at one time last Thursday but the photographer wasn't around. He was trying to cool off after shooting the above pictures.

Pants burglar hits Golden Rule store; other stores, homes robbed

Thieves hit again at Campbell business establishments during the last week, with the Golden Rule Department store, suffering a \$2,821 loss.

During the morning hours of August 28 an unknown person pried open the back door of the establishments and removed 40 pairs of Levi's all sizes, gold; 210 green Levi's; 1600 black and 140 pairs of other assorted colors. The total value, as estimated by Morris Goldman, owner of the establishment was valued at \$2821. Cash in the registers

was undisturbed and no other merchandise was apparently removed from the store.

Other businesses burglarized during the week included Toppers Steak House, 727 W. Hamilton Ave. and Winchester Hardware, 2127 S. Winchester Blvd. Toppers Steak House was entered during the early morning hours of Sept. 1 through the sky ventilator which was pried off. \$300 in coin was missing from the unlocked safe. Entry was also attempted in another building in the shopping center but apparently was abandoned.

A very small juvenile, able to fit through a 4 inch by 8 inch hole, was apparently responsible for the removal of a large assortment of pocket and hunting knives from the Winchester Hardware. It was ascertained that the only point of entry could have been the small "supply slot" by which pipes were delivered. Fingerprints lifted from the scene also verified this theory. Value of the merchandise was set at \$51.25.

Private residences were also burglarized during the week. LeRoy Stoner, 892 Connie Dr., lost clothing, including a wedding gown, valued at \$250 when thieves entered through the unlocked door sometime Sunday.

Also losing clothing valued at \$1,264 was Roatan E. Hinson, Jr., 496 Sunnyoaks who reported 7 men's suits, a 22 automatic Browning, business check books and assorted men's clothing missing sometime Sunday. Thomas J. McCammon, 1559 La Pradera, on Friday reported coin collection valued at \$88.17 missing.

Campbell retail sales hit new high for first quarter

Taxable retail sales in Campbell (the basis for the city's share of the sales tax) reached a new high point during the first quarter of 1968, according to the report issued by the State Board of Equalization, the agency that administers the sales tax.

Total sales in Campbell for the first three months this year increased by \$1,290,000 over the same period last year, the report shows. First quarter sales totaled \$10,939,000 this year compared to \$9,649,000.

As usual top honors for the category which accounts for the most sales went to "home furnishings and appliances". Although there are 15 such outlets listed in Campbell, as always Breuner's was the bulk of the sales in this category.

HOME FURNISHINGS

During the first three months this year, home furnishings sale totalled \$2,360,000, an increase of \$249,000 over the same period last year (\$2,011,000) and \$491,000 over the same three months in 1966 when such sales totalled \$1,869,000.

The "runner-up" category in taxable sales, as has been in the case also for a number of years was "building materials".

For the first three months this year total sales in this category were \$2,283,000, an increase of \$753,000 over the same months in 1967 when the sales were \$1,530,000 which was a drop from 1966 of more than \$200,000.

WESTERN GRAVEL

The increase in sales of

building materials came as a welcome surprise to city officials who had anticipated a decrease in this category because of the change in operation in Western Gravel, long a bulwark for the city in the sales tax derby.

However, it is expected that the change in operation and management of Western Gravel will be reflected in future returns. Western Gravel has merged with other similar firms in the county and, it is understood that the base figuring for total sales has been transferred from Campbell to San Jose.

The loss of Western Gravel will be a severe fiscal blow to the City of Campbell, for Western Gravel had operated from within the Campbell city limits since before the city was incorporated in 1952.

As usual the quarterly report of the Board of Equalization report on taxable sales reveals interesting economic merchandising tidbits about the city.

FOOD DROPS

For example "food sales" show a drop of \$102,000 in total sales for the first quarter of 1968 as compared to the same period in 1967 and \$47,000 less in sales than in 1966!

This category accounts for \$753,000 in total sales this year while for the first three months last year total sales equalled \$902,000.

The strangest part of the situation is that there were the same number of outlets in both years (20), an increase of five stores over 1966!

But the 15 stores in the first quarter in 1966 did \$800,000 in sales while the 20 outlets

did only \$753,000.

Sort of hard to figure, right?

Not all the 15 cities in Santa Clara County are listed in the report of the State Board of Equalization. The heading on the report explains that it is based on amount of taxable sales in the 168 largest California cities, by businesses.

A footnote more specifically defines the listing: "The 168 cities included in Table 5 are those for which the largest dollar volume of taxable transactions was reported by retail stores for the preceding year."

Thus it does not necessarily mean that the 168 cities listed are the largest in population.

For example, Milpitas is not listed. But prior to this year, Gilroy was.

CITIES IN COUNTY

There is no listing in this

year's report of Milpitas, Gilroy, Morgan Hill, Saratoga, Los Altos Hills, and Monte Sereno.

Actually, the cities in the county that are listed break down into three distinct leagues in total taxable sales.

San Jose, naturally, is by itself with \$157,564,000 and four other cities, Palo Alto (\$49,145,000), Santa Clara, Mountain View and Sunnyvale following in that order.

Los Gatos and Campbell come next followed by Los Altos and Cupertino.

Total taxable sales for Los Gatos in the first quarter this year came to \$11,459,000, more than \$500,000 above Campbell's sales for the same period of \$10,939,000.

AUTO DEALERS

As usual, however, auto

Vehicles and school

With the opening of school comes many problems, not the least of which concerns the traffic hazards that the kids create on their way to and from school.

Traditionally on the eve of the opening of the fall term, we call attention to the traffic problems that school cause and we urge caution on the part of all.

The California Highway Patrol this year renders us an "assist" in this field and gives an added emphasis to the school situation with the following review of certain sections of the vehicle code:

A REVIEW FOR THE FAMILY
Schools will soon be open and the California Highway Patrol suggests that this is an appropriate time for the entire family to review certain sections of the vehicle code.

There's something there for everyone of kindergarten age or older, the CHP points out.

FOR THE DRIVERS IN THE FAMILY
The speed limit is 25 miles per hour when passing a school building or school grounds while children are going to or from school during opening or closing hours and during the noon recess period.

The same limit applies when passing any school grounds which are not separated from the highway by a fence at any time the grounds are in use by children and the highway is posted with a "SCHOOL" warning sign.

The driver of any vehicle which meets or overtakes from either direction any school bus which has stopped to pick up or discharge any children and which is displaying a flashing red light signal visible front and rear must stop immediately before passing the bus and may not proceed until the flashing signal ceases operation. It is not necessary to stop when passing a stopped school bus at an intersection where traffic is controlled by a traffic officer or official traffic control signal, or when the school bus is in the opposite lanes of a divided highway.

Remember pedestrians have the right of way while crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection.

Follow directions of school crossing guards and junior traffic patrols.

FOR THE BICYCLE RIDERS IN THE FAMILY
Every person riding a bicycle upon a roadway has all the rights and duties applicable to the driver of a vehicle, under the Vehicle Code, except those provisions which, by their nature, cannot apply.

It is unlawful to operate a bicycle on a roadway unless it is equipped with a brake which will enable the operator to make one braked wheel skid on dry, level, clean pavement.

It is illegal to ride a bicycle equipped with handlebars which raise the operator's hands above the level of his shoulders.

The pedals of the bicycle may not, in the lowermost position, be more than 12 inches above the ground.

After darkness, every bicycle on the road must be equipped with a lamp emitting a white light visible from 300 feet in front of the bicycle and with a red reflector on the rear visible from 300 feet to the rear when directly in front of upper beams of automobile headlamps. A lamp emitting a red light visible from 300 feet to the rear may be used in addition to the red reflector.

Bicyclists must ride as near the right side of the roadway as practicable, exercising care when passing a standing vehicle or one proceeding in the same direction.

It is illegal for a person on a bike to hitch himself to any vehicle on the roadway.

It is illegal to allow anyone to ride on the handlebars.

It is illegal to carry any package or bundle of books, while riding a bicycle, that prevent the bicyclist from keeping at least one hand on the handlebars.

FOR THE SCHOOL BUS RIDERS
The school bus driver has full authority over school bus riders in the bus and when the pupils are leaving the bus and being escorted across the street.

No one is allowed to stand while riding a school bus.

FOR YOUNG PEDESTRIANS
Cross the road in crosswalks.
Obey the crossing guards.
Obey traffic signals. Red means stop--don't cross. Yellow means wait--don't cross. Green means go!

-O-
GEE, ZADIE, YOU shouldn't be so tough on us.

We weren't defending our "big businessman friend" (Ira K., she means you) for getting a ticket or any of the others; who were bagged by radar in the strip. Undoubtedly they deserved the citations. Of course we would have liked to have had the fines go to Campbell instead of San Jose.

And we didn't say all police were dopey and stupid. We just thought it was a dopey, stupid and ridiculous assignment for the San Jose police.

And we still do. But we admit that it must give the good citizens of San Jose a great deal of satisfaction to know that everything was so well under control in their great city that San Jose police officers can be spared to set up a radar in a 300-yard strip in Campbell.

With the San Jose police and their radar on the job and the Campbell patrols traversing that strip many times a day and night, that just has to be the best protected area per inch in the county.

That, Zadie, you just must agree.

ON THE CREDIT SIDE of the ledger was a note and phone call from Dr. Wallace Hall, president of West Valley College.

Wally wanted our permission to reprint a recent Campbell Press editorial entitled "College Parking".

Some of you may recall that the editorial somewhat wistfully and wishfully suggested that maybe this year the college students would use the college parking lot between Rincon and Campbell avenues for parking during classes instead of the residential streets.

The reprinted editorial appeared on the reverse side of a letter that was distributed to all students at registration time.

In his letter to the students, Dr. Hall called attention to problems caused by their indiscriminate parking on the residential streets.

He suggested that they could alleviate the situation a great deal by (1) doubling up in cars coming to the campus so that the need for parking spaces will be reduced and by (2) using the college-owned parking lot off Rincon Ave.

Wally thought that our editorial might give an extra impact to his pleadings. It would help to show to some extent how the townspeople thought about it.

Conceivably it might be possible that there are some college kids who haven't thought about it.

Naturally we were pleased to get this extra exposure for our editorial, although we doubt that the college English department would give it too high a grade.

We hope it helps the situation.

If it does, Wally, just let us know. We'll toss off another one.

-O-

THIS HAS NOTHING TO do with anything in particular, but a recent envelope we received in our mail was addressed to "Cameron Park, P.O. Box 158, Shingle Springs, California 95682."

That's our p.o. box number all right.

But where is Shingle Springs? It must be a fur piece from har.

WVC, Saratoga to raise flag next Tuesday

Simple flag-raising ceremonies will mark the accomplishment of a long-awaited dream--the beginning of classes on the Saratoga campus of West Valley College, at 10 a.m., Tuesday, Sept. 10, in front of the first major structure on the campus, the \$2,000,000 Engineering-Technology building.

NEW MANAGER--Thomas H. State (above) has been promoted to manager of the Campbell office of the First National Bank of San Jose. State was previously assistant manager of the Beverly-Burbank office of First National.

He is a native of Oakland and attended the University of California. He served in the Air Force before joining First National in 1967. He and his wife, Joyce, and three children, Linda, Susan and Thomas, reside at 4073 Vistamont Dr., San Jose.

State succeeds Arland D. Hatfield who has been promoted to credit administration in the head office in San Jose.

Hatfield, who has been active in community affairs since he assumed the Campbell position two years ago, is currently a director and second vice-president of the Chamber of Commerce. He submitted his resignation to the C of C directors this week.

MORE ABOUT Classes begin

(Continued from Page 1) schedules allow for the double usage of the busses used for transporting students.

An estimated 625 certified personnel will be at hand to instruct the high school students as they arrive, with 79 new teachers employed by the elementary school.

Eight teachers are instructing at the West Valley Seventh Day Adventist school.

West Valley College students will resume classes for the fall session on Tuesday, Sept. 10 with an anticipated registration of 7,500 students. These students are about equally divided between day and evening students and are classified as regularly enrolled in the college.

MORE ABOUT Retail sales

(Continued from Page 1) dealers and auto parts accounted for more than 60% of the total sales in Los Gatos. During the first quarter this year this category accounted for \$6,450,000 compared to \$6,063,000 in 1967 and \$5,778,000 in 1966.

Campbell without a car dealer within the city limits has always been less than \$100,000 in this category.

Even without an auto agency, however, Campbell has closed the gap with Los Gatos. This year in the first quarter only \$520,000 separated the two cities in total taxable sale.

But in the same period last year, Los Gatos exceeded Campbell in total sales by \$965,000.

Cupertino, according to the report, showed a decrease during the first three months of this year compared to the same three months in 1967 (\$5,844,000 to \$5,893,000).

Sales in Los Altos this year came to \$7,134,000 compared to \$6,767,000 in 1967.

HIGHLIGHTS

According to report, in 1968 there were nine more eating and drinking places in Campbell than in 1967 and consequently there were total sales of \$694,000 compared to \$883,000.

The report also shows that there was one more drug store in town in 1968 (10) than in 1967. And in 1968, for the first three months, the 10 stores did \$271,000 in taxable sales compared to \$266,000 done by nine stores in 1967.

And, of course, there was an increase in service stations in Campbell in 1968 over 1967 despite the efforts of many to slow down this development.

The 45 stations in town did \$282,000 in taxable sales the first three months this year. For the same period last year the 38 stations did \$260,000.

By the way, by a strange "twist" in 1966 there were 39 stations in town (one more than in 1967) and the taxable sales were \$229,000.

plishment of a long-awaited dream--the beginning of classes on the Saratoga campus of West Valley College, at 10 a.m., Tuesday, Sept. 10, in front of the first major structure on the campus, the \$2,000,000 Engineering-Technology building.

Classes will already be under way on the campus earlier in the day, but will be halted for the flag-raising ceremonies.

A flag which has flown over the U.S. Capitol in Washington, and presented by Rep. Charles S. Gubser, will be raised, together with a California Bear Flag presented by Los Gatos Parlor No. 317,

Native Daughters of the Golden West.

An invocation will be offered and the colors will be presented by veterans organizations in the area.

Officials of all of the communities in the West Valley College District, together with the general public, are invited to attend the ceremonies, which will be presided over by Jack Armstrong, Santa Clara, chairman of the Board of Trustees of West Valley College.

Plans call for an open house and a public symposium on matters of vital concern later on in the semester, according to Dr. Wallace W. Hall.

Miss Joyce Herrick, incoming Honored Queen, selected "One Life to Live For God", as the theme of the recent twenty-first installation ceremony of Campbell Bethel 298, International Order of Jobs Daughters.

The Los Gatos Masonic Temple ceremony featured a decor of hearts, crosses and roses. A large red and white flowered cross was seen in the East.

Incoming officers and choir members started the ceremony by entering through an arch of flowers. Choir members carried white crosses with a small heart placed in the center of each, while officers carried red velvet heart shaped pillows with a gold cross and single white flower placed on them.

Miss Herrick's carrying piece was identical to her officers hearts but edged in white lace.

Appointive officers included Debbie Graham, Janice Zimmerman, Robin Finley, Debbie Hamorous, Janet Jefferson, Elaine Herrick, Debbie Renfer, Pam Baker, Cheryl Gorewitz, Sharon Pierce, Pam Robinson, Janice Luhdorff, Carol Pierce, and Lorrie Phillips.

Clergyman brother unites couple in recent rites

MR. AND MRS. LARRY LANE

Kenneth D. Wood, of Tonawanda, New York, brother of the bride, was the officiating clergyman at the recent wedding of Miss Nancy Lou Wood and Larry David Lane. The double ring ceremony was held in the First Christian Church of Campbell.

Miss Wood wore a gown of white silk organza, designed and made by herself, fashioned with a high collar, long sleeves and a natural waistline. Her bouffant floor-length skirt featured an extended train. An elbow length silk illusion veil was crowned with a petal headpiece and she carried an old-fashioned bouquet of pink roses and baby breath.

Miss Wood is the daughter of Mr. and Mrs. Floyd D. Wood of 1737 W. Campbell Avenue. A graduate of Campbell High School, she attended West Valley College before accepting employment as a receptionist for the Moreland School District administrative office. She is an active member of the First Christian Church and serves as organist. She was given in marriage by her father.

Serving as Matron of Honor was Mrs. Paul Gray, sister of the bride, who attended the wedding from Baxter Springs, Kansas. She and Miss LaDonna Lane, bridesmaid, wore identical floor length gowns of green and lavender floral chiffon and carried colonial bouquets of pink carnations, lavender daisies, baby breath and green star flowers.

For her daughters' wedding Mrs. Wood chose grey linen with pink accessories and a pink baby rose corsage.

The bridegroom is the son of Mr. and Mrs. Leslie Lane of Morgan Hill. A graduate of Morgan Hill high school, he also attended San Jose Bible College. He has been employed by an electrical firm but will continue his ministerial studies this fall at Ozark Bible College, Joplin, Missouri.

Coming from Boise, Idaho to serve as best man, was the groom's brother, Herbert Lane. Another brother, Roy, made the trip from Central Point, Oregon, to serve as usher. Also ushering were Terry Kent and Veltie Jessup. Vocal selections were sung by Keith Kent, an uncle of the bride, with Mrs. Richard Waddell at the organ.

Mrs. Lane selected a blue knit with beige accessories accented with a corsage of pink baby roses for her son's wedding.

The newly-weds greeted over 200 guests in the Church Fellowship Hall following the ceremonies. Cutting the four-tiered chocolate cake was the bride's aunt, Mrs. Keith Kent.

The new Mrs. Lane wore a light green shantung with white accessories for their wedding trip to southern California. Mr. and Mrs. Lane are making their new home in Joplin, Missouri.

HAPPY BIRTHDAY TO YOU—William R. Shreve, now living in Palo Alto, observed his 85th birthday recently at a family reunion held at the home of daughter, Mrs. William Means, 175 N. Poplar. Shreve, who drives his own car, enjoyed a buffet luncheon and birthday cake with his two children,

Mrs. Means and Thomas S. Shreve, seven grandchildren, five great grandchildren and a number of friends and neighbors. In the above picture, Shreve, seated, is surrounded by his grandchildren, l to r. Mrs. Barbara Brown, Ted Shreve, Mrs. Pat Lamson, Sally Shreve, Marilyn Means and

Bob Shreve, great-grandchildren.

Front are: l to r. Janet Brown, Leslie Lamson, Suzanne Brown and in front, Jeffrey Lamson. A son, Robert O. Shreve, cabled birthday greetings from Germany where he is doing research for the Stanford Research Dept.

Mr. and Mrs. Case exchange vows in recent ceremonies at St. Lucy's

MR. AND MRS. GORDON CASE

Wedding vows and rings were exchanged by Charlene M. Barbano and Gordon D. Case in a recent ceremony solemnized by the Rev. Charles R. Simpson of St. Lucy's Church.

The bride is the daughter of Mr. and Mrs. George W. Barbano of Campbell and the bridegroom is the son of Mr. and Mrs. A. Bernard Case of San Jose.

To repeat her vows, Charlene wore a princess line silk organza, full skirt with attached court train and chantilly lace down pointed sleeves and clustered over gown and bodice appliqued with seed pearls. Her veil was double

chantilly lace held by a crown headpiece outlined with seed pearls and crystals. Charlene carried a cascade of five orchids with stephanotis in a crescent shape with satin streamers.

The bride chose her sister, Miss Judy Barbano, to be her maid of honor and the Misses Marian Scialabba of San Jose, Pat Barbano of Campbell, Janice Skidmore of San Jose to serve as bridesmaids.

Flower girl was Miss Diane Lipari of San Jose, cousin of the bride attired in an ice-pink chiffon floor length gown. Steven Jorgensen of Mountain View served as ring bearer.

Bridal attendants were at-

tired in empire line chiffon floor length gowns in rose pink. Their headpiece was a silk rose with tulle petals. Persian pink carnations with baby roses in a crescent shape were their flowers. Mother of the bride wore a green crepe and lace ensemble.

Duane Brown of San Jose attended Gordon as best man while wedding guests were escorted to their places by Paul Barbano, Jr., of Campbell, Dwight Crossen of Campbell, and Gary Case of San Jose.

The ceremony was followed by a champagne, dinner-dance reception held at the Little New Yorker for 225 guests.

The couple honeymooned in Carmel and are making their first home in San Jose.

Charlene is a graduate of Campbell High School and Heald's Business College. She is employed by the City of Campbell as Secretary to the Director of Public Works.

Gordon is a graduate of San Jose High School and served four years of active duty in the U.S. Marines. He presently attends San Jose City College and is employed by FMC Corporation in San Jose.

ON CAPITOL HILL

with "Charlie" Gubser

Throughout most of our economic history, the Nation grew and new jobs were created as working men saved their money and opened businesses of their own.

The depression of the Thirties drastically altered this simple economic process. A "new economics" was developed which placed emphasis upon increasing consumption and demand by stimulating consumer spending. Thus, by its spending power government could regulate purchasing power and be the prime factor in job creation.

Almost four decades later the country is certainly affluent, but still there is an unyielding hard core of unemployed which the "new economics" has failed to reach. Before the "new economics", the government employed five out of every 100 working people, either directly or indirectly, but in 1965 that figure had jumped to 26 out of 100.

Since 1955, the federal budget has doubled and dom-

estic spending has skyrocketed 170% to the point where the federal government is now spending \$19.9 million every hour of every day. Former Budget Director Maurice Stans estimates that there is a strong possibility that government spending will again double in the 1970's unless major changes take place.

The national magazine NATION'S BUSINESS gives us further details:

"At last count, 150 separate departments, agencies, bureaus and boards—plus over 400 regional and area field offices—were piping programs to states, cities and individuals through 459 separate channels...Eight Cabinet departments and 12 agencies are involved in health...Eight departments and four agencies are operating major credit programs which affect monetary policy. Ten agencies in three departments are managing manpower programs...We have had to accommodate 6,000 additional employees in the Washington area every year and provide a one million square-foot build-

ing for their use...260 federal poverty programs are administered by 16 separate departments...over 30 are involved in the training of teachers. nine separate programs deal with job recruitment, while at least five subsidize on-the-job training projects...the 'Encyclopedia of U.S. Government Programs' totaling 1,010 pages lists 8,000 government-aid items...Three new Cabinet-level departments have been added since the last Hoover Commission report—HEW, Transportation, and Housing and Urban Development...numerous new executive and independent agencies such as NASA, Agency for International Development, Office of Equal Opportunity, the Peace Corps, to name only a few,

have been added...seven different agencies...operating 140 different programs, are helping to solve the problems of a single city—Oakland, California."

The time has clearly come to establish a permanent Hoover Commission to constantly evaluate federal activity like the two previous commissions which saved billions of dollars. Dozens of Congressmen, including myself, have introduced bills to accomplish this.

Notwithstanding the "new economics", it is time that Congress took a discerning look at the question, "Has government domination of our national economy reached the point of diminishing returns?"

Prospect

Pulse

By Pat Hebard

The opening of the eighth high school in the Campbell Union High School District will come this Sept. 10. The students who will be going to Prospect come from Campbell, Westmont and Blackford. The Prospect Student Council is already in action in order that the students will enjoy their first year at Prospect. The Council members, advised by Mr. Moon, are Kevin Barnes, Denise Batis, Bob Dastawenup, Mark Okashina, Phil Seal, Steve Shoemaker, Tom Sinclair, and Barbara Smith. Two members of the Prospect Council went to the Student Council Camp in Pacific Grove this summer in order to gain more knowledge on how to run the council. The two members that represented Prospect were Denise Batis and Tom Sinclair.

The Spirit Commission has been working and practicing all summer to help bring out the new spirit in the Prospect students. The Varsity Cheerleaders are Chris Mosher (head), Gail Nelson, Peggy Smith, Lia Mosciocchi and Laura Coopman. The Song Girls are Sue Shoemaker (head), Debbie Jones, Jane Palmquist, Lucy Arii, Betty Ann Musgrave and Dianne Metzill.

The Drill Team, the Top Cats, are Peggy Howard, Bar-

bara Fagan, Carolyn Glass, Mary Nelson, Sue Anderson, Melanie Williams, Jill Ebner, Lois Betti, Sue Smith, Joanne Padelt, Jacque Dallara, Rosie Rowe, Pat Hebard (head), and Kris Porter (co-head). The Spirit Commission has planned a rally for the first day of school to introduce the Cheerleaders, Song Girls and Drill Team.

The football team looks ready as they have been meeting with their coach this summer. The coach is Mr. Earl W. Adams. The team consists of more juniors than seniors but is expected to do very well. They started practicing last Tuesday at 5 p.m.

Because the bleachers for Prospect football field will not be here for the opening of the season, Prospect will not be having any home games in football. Their first league game will be with Saratoga at Los Gatos starting at 8 p.m. Oct. 4. The team will have an out-of-league game Sept. 27 with Oak Grove at Oak Grove.

Mr. Wyant, the band director for the Panthers, has been working with the band this past week getting them in shape for their first performance. The drum major has yet to be picked. The majorette will be Elaine Herrick. The band uniforms are of royal blue and gold.

Robert Harrison heads local U. F. fund drive

A group of success-minded business, education and local government personalities are planning a hard-hitting campaign to put Campbell "over the top" in the 1968 United Fund drive.

Head of the local campaign, Robert E. Harrison, plant manager for IBM here, has assembled a staff of hard working leaders for the drive, beginning Sept. 3. They hope to put Campbell well above the \$50,198 target figure for this year.

In local education, Mrs. Helen Andres, Campbell Union High School assistant superintendent, has been selected as master strategist for the education division. Among her duties will be the coordination of efforts to solicit "fair share" support from educators, administrators and staff personnel of the community's schools.

Campbell Union (elementary) District Superintendent Neal Royer will lead UF business division volunteers in the drive for assistance from 450 small businesses here. He is chairman of the division.

Businesses employing more than 10 persons will be contacted by solicitors under Donald R. Kennedy, commerce and industry chairman. Kennedy is Campbell Ave. branch manager of the Bank of America.

Elsewhere, Robert C. Stephens, city manager, is making final plans for the city employees UF campaign.

While more than 80 agencies serve the Santa Clara Valley, several of the funds are located in Campbell, directly serving the immediate community.

Eastfield, the oldest of all United Fund agencies with 101 years of community service, is just one of these organizations. Located at 251 Llewellyn Ave., it was originally started as an orphanage in 1867 under the auspices of the "Home of Benevolence."

Today, Eastfield provides emotionally disturbed youngsters with the love, understanding, supervision and psychiatric care that will make them useful, productive citizens. This is provided through a family-like environment with cottages, playgrounds and well-trained specialists.

The Campbell Emergency Welfare Fund, piloted by the Campbell Police Department in coordination with United Fund, helps many families in need. The fund began after police exhausted personal efforts and financing trying to help families in need of food or other assistance. Though the UF allocation is small when compared with others, it is adequate for local needs, according to a police official.

Two other funds included are the Campbell Union School District Student Aid and Campbell Union High School District Student Emergency Welfare Funds. Both provide needy students in the local school systems with hot lunches or other personal needs.

These are but a few of the agencies United Fund helps support throughout Santa Clara County.

Nearly all of the agencies helped by UF are available to Campbell residents, regardless of their location within the county. United Fund agencies are available without restrictions as to race, religion, ancestry or national origin.

MORE THAN JUST A PEEK-- Robert E. Harrison of IBM, Campbell United Fund chairman and Neal Royer, Campbell Union Elementary District superintendent and UF business chairman, take a close look at some of the equipment

to be used in the drive while setting up the latest UF campaign film "Reflections." The film was viewed at a recent strategy meeting hosted by IBM. The drive begins Sept. 3.

OUTSTANDING CARRIERS-- Three outstanding carriers for the Campbell Press were treated to a special outing and awarded trophies recently. L. to r. are Tom Hale, Brian Sullivan and Steven Dudoek. Tom and Steve tied for first place in selling the most new subscriptions with Brian coming in third. Not shown is second place winner Bobby Bothman.

Girl Scouts

By Nan Warren

Want to get in on a "happening? Join the Girl Scouts--there's always something happening!

The Junior Girl Scouts of Troops 211 and 178, Hazelwood School, had a swinging time on their recent camping trip to the Big Sur Youth Area. Twenty-six Junior girls, 3 Cadettes and 2 Seniors just happened to be at the right spot at the right time with fishing poles in hand. Stocking Big Sur River with trout is thrilling enough to see, but to catch fish besides was just too much! Some 11" and 12" trout were caught for dinner... (26 in all!) More unbelievable--they were caught with 4 foot bamboo garden stakes and line, much to the frustration of real fishermen, expensive gear and all!

A "Dress Up Carnival" was very gay, one evening, with booths made up by the girls. Games such as ring toss, pebble in the slot, clothes pin throw and hit the plastic

bottles were played. The three legged race was even crazier with their very creative "get ups". An honest to goodness egg toss was the highlight of the evening. Simple prizes made up by the girls were given out to all.

Baseball games were another favorite activity, especially the one with the Boy Scouts!

The last evening of the Camp trip, 20 Boy Scouts and their leaders were invited for a campfire. "Who's skit could out-do who's--was the name of the game. They were all good and enthusiastic. Popcorn and fudge cooked over the open fire were enjoyed by all.

The Junior Scouts also found time for cooking breakfast in patrols, making sack lunches and one, out of three patrols, taking their turn on cooking dinner for all 39.

Of course, there was swimming in the Big Sur River. Senior Scout, Barbara Dietz of Sunnyvale, was life guard. Needless to say, the Boy Scouts were drowning (ahem!) by the droves! There were nature guests and crafts, water to heat for showers, latrines to clean, and flag ceremonies.

Money for this week long camping trip was earned through garage sales last spring. The Troops wish to thank all who contributed to make the trip a success. Many girls earned badge requirements during this event.

Elmer Hales move east

Mr. and Mrs. Elmer Hale and son Tom, 45 El Caminito Ave., left last week for Chicago to make their new home, after spending the last six years in Campbell.

Hale, who was transferred to the Hammond, Indiana plant, is employed by Harrison and Walker as a refractories supervisor. He was formerly employed at the Fremont plant.

Mrs. Hale will be missed at the local rest homes where she visited frequently. Tom, an active member of the Camden Swim Club from the age of 9, has over 200 medals, trophies and ribbons won in the various swimming events.

An outstanding Campbell Press carrier, Tom had delivered the paper for three years and for two years had taken home the trophy for the carrier selling the most new subscriptions.

The Hales had lived in California for 18 years before being transferred east.

The Forest Hills Junior Scouts, Troop 953, are planning a picnic, Sept. 4, at Stevens Creek Park. The experienced girls, under the direction of their new leader, Mrs. Eldon Lange, are making arrangements for a nature hike, ceremonies, skits, etc., to acquaint the new fourth grade scouts with the Junior level of Scouting. The fourth graders entering the troop this fall, will enjoy all the benefits such as fun, food and games without the work entailed for such an event. Later in the year, they too will take part in the planning and preparations as they are trained. This "getting acquainted picnic" is the first in a series of tours and projects for the coming year according to Mrs. Lange.

Soon the "new season" of Scouting will begin as the call "back to school" rings loud and clear. Organization and planning meetings have already begun. Are the Scouts anxious? You'd better believe it!

Police Chief Morgan notes hike in bike thefts, accidents

Bicycles and bicycle riders will be on the increase during the next few weeks with the starting of school. According to John Morgan, Campbell police chief, there has been an increase in bicycle accidents recently, including one death.

Most of the accidents were caused by careless and negligent operation on the part of the bicyclist, according to Morgan, who expressed concern over the increase in bicycle riders on the main thoroughfares with the starting of school.

Bicycle thefts in the City of Campbell have also continued to increase during the

first half of 1968, and Morgan stated that if the present trend continues, the monetary loss due to bike thefts will exceed \$8000 for this year alone.

In order to combat this rise, the Campbell Police have listed the following rules and regulations and hope that parents and children alike will see to their enforcement.

The Campbell Municipal Code requires that all bicycles with a wheel diameter of 20" or more shall be licensed.

Licenses are \$1 and are obtainable at the Campbell Police Department on Saturday mornings between 9:30 a.m. and 11 a.m.

The purpose of licensing is not only as a deterrent to bike thefts but is also valuable in locating the owners of recovered bikes.

On several occasions a youngster who was injured was identified through the li-

cense; thereby the department was able to notify the parents immediately of the emergency.

The enforcement portion of the program will be to continue and intensify present enforcement of applicable laws.

Block Parents seek to protect children

With regular school sessions starting Tuesday, Sept. 10, parents of several schools under the leadership of the Campbell JayCees, have put into practice the Block Parent Plan, which is designed for the protection of children.

The program is supported by the Campbell Police department, the Santa Clara County Sheriffs and other neighboring communities police forces.

The program, which is essentially thought of as an "Island of Safety", which young children can seek help in time of emergencies, consists of two or more homes in each block of the school district with parents who are willing to become "involved". When the red and black "Block Parent" sign is placed in a residence window the children are trained to recognize the sign as a haven in the event of accident, being approached by a suspicious strangers or being lost.

Last year one child in one of the school districts was molested. The school parents had been previously approached about forming the "Block Parent" plan, but had turned it down. The day following the

program under the sponsorship of the Campbell JayCees. Mrs. Claudia Arno, Block Parent Chairman, left, holds one of the signs with John Morgan, Campbell police chief; Dick Leyva, San Tomas principal and Mrs. Beth Auger, JayCees, president, go over the program together.

molesting, the parents took immediate steps to initiate the program.

Eight Campbell schools and St. Lucy's school are now participating in the program and members of the Campbell JayCees, under the leadership of Mrs. Beth Auger, president, are hopeful that the other schools will soon by part of the plan. Mrs. Auger can be reached at 378-7793 for information.

Participating schools include San Tomas, Castlemont, Dover, Marshall Lane, Quito, Hazelwood, Cypress and Monroe.

Maxwell to attend meet

George Maxwell, Campbell Fire Chief, will travel to the 73 Annual Conference of the Western Fire Chiefs Association to be held in Las Vegas Sept. 8-12.

Chief Maxwell will report on the Fire Prevention Committee of the Western Fire Chiefs Association and its progress. Over the past year Chief Maxwell has been in charge of this committee. He will also participate in the program over the four day period.

Approximately 500 Fire Chiefs are expected to attend the Conference.

MOVES OFFICE HERE-Assemblyman John Vasconcellos, of the 24th district of which that portion of Campbell west of the freeway is a part, has moved his district office to the Pines Plaza office building, 100 W. Rincon Ave. (Suite 207).

Prior to Sept. 1 the assemblyman's office was located at 2071 Alameda Way, San Jose. Vasconcellos said that the same "open door" policy will be maintained at the new office with Kathleen McKenny, secretary, Doug Winsten, special assistant, and Frank Orlich, administrative assistant, assisting those who call at the office.

Child center opens Tuesday

A scene of hurried activity is under way in the new quarters of the Child Development Center in the Engineering-Technology Building of West Valley College, due to open September 10, at 7:30 p.m., when the first Parents' Orientation Meeting will be held.

Mothers and fathers of prospective young students will view the new center, and be informed on the program requirements for child eligibility. One of these requirements is that at least one parent be enrolled in a child psychology class or other pertinent course of study at West Valley College.

Fees are nominal, and children from age three to five will be welcomed without regard to race, religion or national origin.

Additional information can be obtained from Mrs. Gwenna Mortensen, Home Economics instructor at West Valley College, 379-1733.

Letters to the Editor

COMMENDS YOUTHS

Dear George:

Six beautiful professional signs, donated by the Del Mar P.T.A. to help advertise their rummage sale (Sept. 7 & 8) became the target of vandals three hours after they had been mounted on the high school fences. In broad daylight, hinges were removed and one half of a sign was stolen and another sign was ripped to shreds.

Because the signs had been painted at considerable expense, Don Westbrook, of Westbrook Advertising, (a future Del Mar Parent!) and constructed by another student's father, Ken Camp, contractor, a "rummage mother" called on some students to help salvage the remaining signs and were asked to offer their suggestions on how to replace them and make them vandal-proof-if possible!

Cort Jensen, 1206 Lenor Way, in Campbell (who will be a sophomore next semester,) suggested repainting the signs and volunteered to take complete charge of the project!

He recruited several of his friends and they began work immediately-stripping the remaining paper, painting the frames, tracing and painting the lettering, and following through with re-hanging the signs!

The project took these young students two full days of hard, hard work. Unforeseen difficulties such as spilled paint, improper equipment, 90 degree heat, and one large sign being run over by a truck (necessitating repainting) failed to dim their cheerful willingness to lend a much needed helping hand to the school project.

They will receive no compensation for their 16 hours of efforts-only the gratitude and appreciation of all those involved in the rummage sale-and perhaps the satisfaction of knowing that they helped re-establish the good image of teenagers in general.

Working as a team under Cort Jensen were: Philip Langton, Lynn Dethlefsen, Nick Blake, Joan & Jerry Stodden, Curt Sawyer, Jimmy Martin, and Pat Marshall (a Del Mar graduate!)

These fine young people unselfishly pitched in at a time of need. They deserve a commendation from the Del Mar PTA.

They also illustrate that the teenagers of today are still basically "sound" in every respect.

Sincerely,
MARGE SCHANCK

COLLEGE PARKING

Ed. note: The following letter is self-explanatory. No further comment is necessary. G.V. Dear George:

Apropos to your editorial on college parking which appeared in your August 14th edition of the Campbell Press, enclosed you will find a copy of the "Parking Rules and Regulations", which is being handed out during the registration period to each of the students receiving a college parking sticker.

You will note that there is an insert of a letter signed by me, again, urging our students to utilize the Rincon parking area. So that they may be more familiar with the general feeling of the affected Campbell residents, we have taken the liberty of reprinting your editorial on the back of the letter.

Here's hoping that the letter will have some positive results. We will keep trying to see if we can minimize the problem, if we can't lick it.

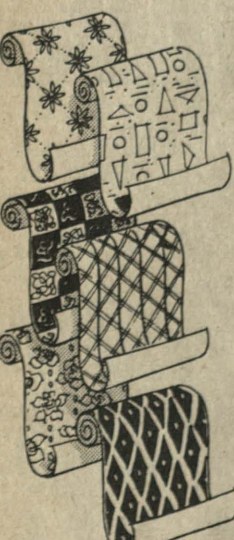

With warmest personal regards.
Most cordially,
Wallace W. Hall

Campbell Press publishes tax list

In today's issue of The Campbell Press, the first publication of the Campbell section of the Santa Clara County delinquent tax list is published.

The Board of Supervisors of Santa Clara County have agreed to try the publication of the long tax list broken down to areas of the county and each area list published in the community newspaper of that area.

In the past, the county has published the entire list in one newspaper in the county which was picked for the low advertising bid.

This year, the legal newspapers of the county have succeeded in getting the supervisors to adopt the new plan and simultaneous publication of the tax list is being made in 14 county newspapers ranging from Gilroy on the south to Palo Alto on the north.

The organization of the newspapers is called Santa Clara County Association of Newspapers, or SCCAN.

The need for better public notice of important legal publications such as the tax list is the principal objective of SCCAN and publishers of the various county newspapers have expressed their appreciation to supervisors for this first publication of the delinquent tax list.

It is hoped by the publishers that other important county wide legal notices can be handled in the same manner, after all handling details are solved.

Finance Director Edward Glaeser and his assistant county tax collector Leonard E. Engeman, and his assistant, Dick Armstrong, and County Counsel Byron Athan, along with Supervisor Sig Sanchez and County Executive Howard Campen were principally concerned with the planning and carrying out of the publication.
